

## about this resource

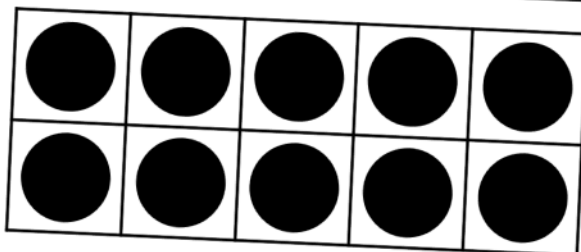

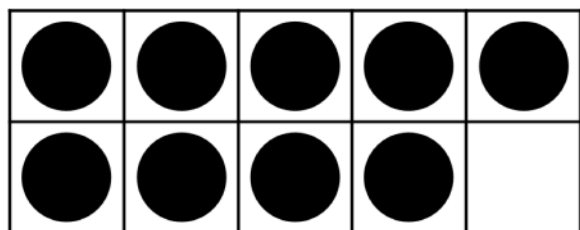

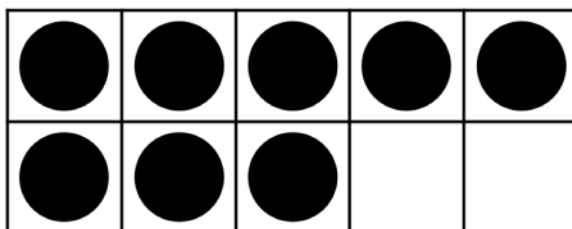

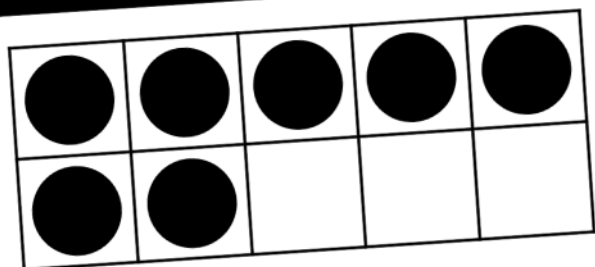

This resource was designed to provide clear, colorful number visuals for your students. There are several options in this file. All posters can be printed on legal-sized paper (8.5" x 14") for a large, eye-catching display. The posters are also available in the traditional letter-sized paper, in case you need to save space in your classroom.

Posters come in colorful shades featuring the numbers 0-20:

They can be printed on cardstock and laminated for longevity. Please see the next page for more options available in this resource.

All posters are also available in blackline (both letter and legal-sized) so you can print on colorful paper and save your colored ink:

This resource also features printing instructions, should you choose to create the larger, legal-sized posters...please see the next page for more information.

If you choose to use the traditional letter-sized posters, simply open the PDFs labeled “Letter Paper” and print.

If you would like to print the larger posters, please open the PDFs named “Legal Paper”. When it’s time to print, check the box under **Page Sizing and Handling** labeled “**Choose paper source by PDF page size**”. This will set the page to print at 8.5” x 14”:
