

# About This Resource

It seems our weeks just get busier and busier as the school year goes by, doesn't it? It can be daunting to keep track of everything, as well as keeping your students in the know, can't it? A Week at a Glance Google Templates were designed to help you do just that, in a bright, beautiful, organized layout....

# About This Resource

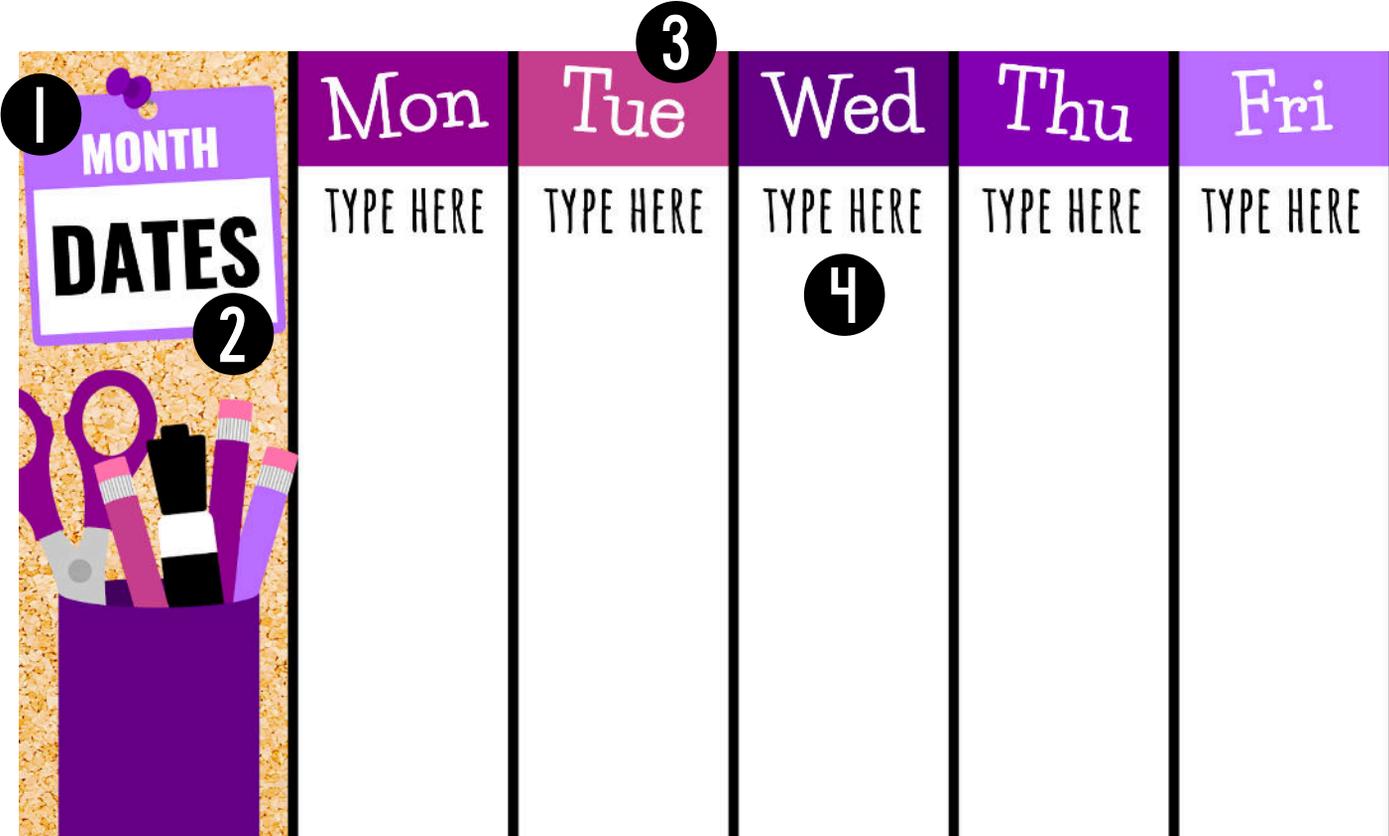

What's included?

- Six colorful, eye-catching Google templates for you to display all of the important events coming up in your school week.
- Editable text in all slides...all text can be changed to the font style, size, and color of your choice.
- An easy-to-customize layout. Simply type your events into each cell of the table as you plan out your week to share with your students.
- Colorful options...choose four of the six colors to use to plan out your month in advance, week by week...or choose one of your favorite colors to use each week.

# About This Resource

These Google templates feature the following...

- 1 A place to write the current month. You can alter this font if you would like. If you would like to keep the same font, it looks bold and eye-catching if typed in all caps.
- 2 A place to write the dates of the week (for example 12-16).
- 3 The days of the week can be altered to a different font type and size (or to write out the entire day of the week, should you wish).
- 4 A table to write the events for the week...simply press tab to jump to the next cell as you fill everything in!

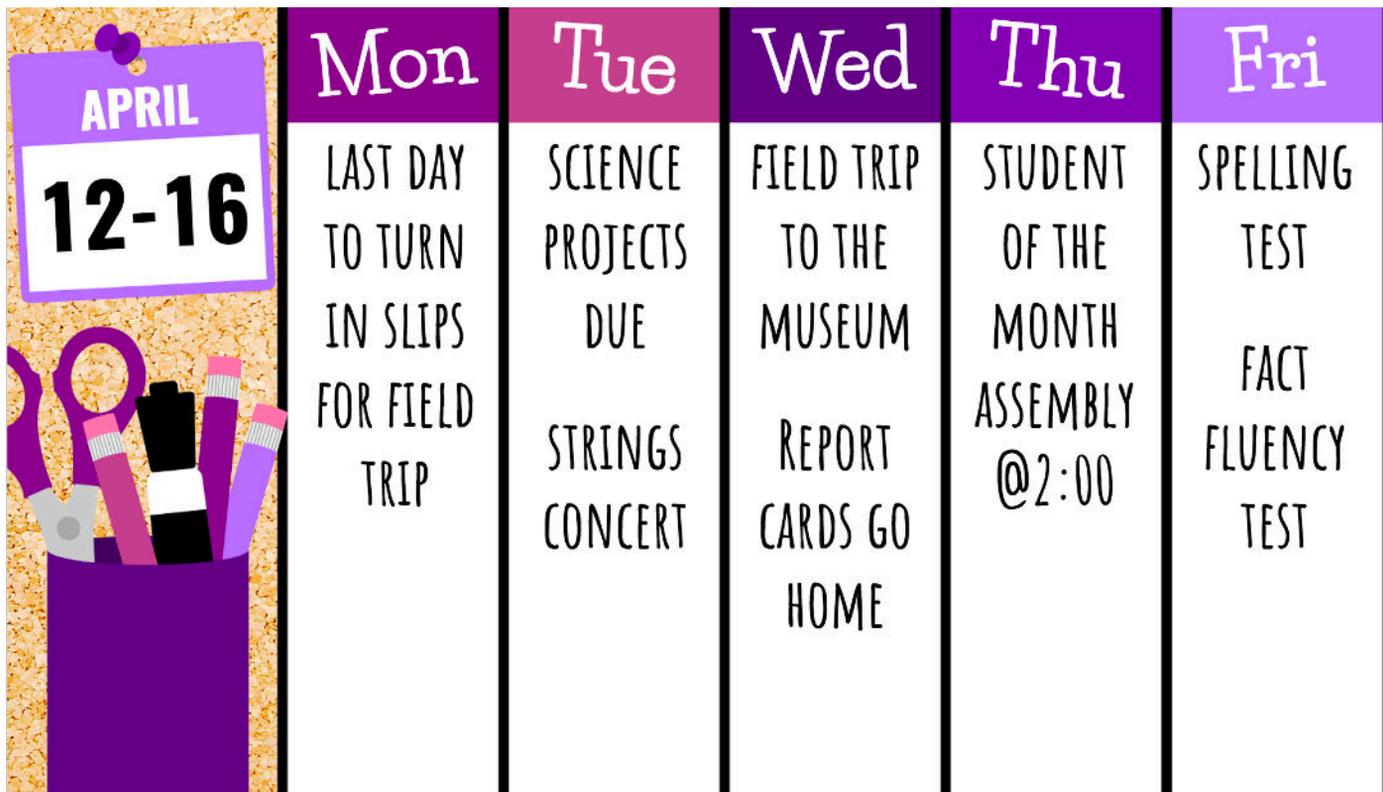

## About This Resource

The link below will lead to the Google Templates. As you click on the link, you will see a message that asks if you'd like to make a copy for your Drive. Click the blue button that says "Make a copy". You will now be able to edit all templates with the fonts and word choice you would like. You can delete any slides you do not wish to use, or duplicate slides if you would like to use more of that color.
