

# What's Included?

This resource was designed to keep track of important dates with clear, colorful visuals. These magnets will save you so much time in repeating information for your students! Instead, you will have an eye-catching display posted with everything they need to know.

In this set, you will find 15 different icons in 20 beautiful shades...designed to complement any classroom theme/color scheme. All visuals are movable, so you can mix and match to print the exact designs you would like.

All text is completely editable as well.

# Setting Up the Magnets

These multi-purpose magnets are very easy to create! Simply print the icons you would like onto cardstock paper (for longevity). Laminate the icons, then hot glue a magnet onto the back.

Now you can post all of your important due dates! I use a wet erase Vis-à-Vis marker to record our dates.

And that's it! These magnets provide an instant, easy-to-read visual to keep track of all those important due dates!

Please do not hesitate to contact me, should you have any questions about this resource.

Thank you!
